ALMONZER A. FADL

Full-Stack Software Developer | Electrical & Electronics Engineering Student

+90 507 592 8117 | almonzer@almonzerfadl.com | Sakarya, Turkey

LinkedIn | GitHub

Full-Stack Developer & Incoming EEE Student based in Turkey. Proficient in **Next.js, React, TypeScript, Node.js/Laravel**. Proven ability to manage complex business operations (Odoo/QuickBooks) and rapidly deliver high-impact applications. Seeking roles leveraging combined technical and engineering foundations.

PROFESSIONAL EXPERIENCE

Part-Time Software Developer · Teravisions AI
Sept 2025 – Present

- Developed core features for client tools (**Takkah** WhatsApp tool, **Teravisions Academy** platform).
- Engineered the **Araba mobility application** (Uber-like wheelchair service) for operations in Makkah and Madinah.
- Built the **Tkaful charity management system** admin/student panel (Next.js/TypeScript).

Inventory & Operations Manager · Kantee Market
Sept 2022 – Early 2024

- **Led successful migration** to a new **Odoo POS/CRM system**, improving accounting accuracy and operational efficiency.
- Managed inventory, cash flow, stock reconciliation, and supply chain logistics.
- Juggled full-time summer work, part-time school, and programming simultaneously.

Self-Employed Real Estate Manager · Tourist Rentals
Late 2023 – Mid 2024

- Managed end-to-end tourist rental operations, handling client communication and bookings via **Booking.com/Agoda**.

FEATURED PROJECTS

TeraMotors: Auto Repair Management SaaS

Comprehensive full-stack system developed solo in one month; features scheduling, invoicing, and inventory control. [GitHub]

Tech: Next.js, React, TypeScript, Tailwind CSS, Node.js/Laravel, SQL
